

December 14, 2025: Letter to Governor Abbott 2

Your ineffective, corrupt, and criminal secret racketeering conspiracy is ruining our one life on this planet.

You all seriously have crossed the line of what it means to be living in 'America' - this is a fictitious illusion of government.

I am alerting you to a very serious and harmful criminal conspiracy that is coming from the United States military waging psychological warfare on our home - every, single, day!

And your office does not even have the decency to respond.

Truly, this is the current state of American 'government.'

Thank You for Contacting the Governor's Office
